

Columbia Bands, Inc. proudly presents

2021

In Concert

Dr. Harlan Parker, Director

Sunday, August 1, 2021

2:00 PM

River Hill High School

Clarksville, MD

The Maryland All State Community Band was created to give talented community musicians from across the state of Maryland the opportunity to play challenging music with other community band members. Musicians from all over the state auditioned for the opportunity to play with our guest conductor, Dr. Harlan Parker. Representing 16 different community concert bands in Maryland, the musicians rehearsed for one day before performing for the public.

The 2021 Maryland All State Community Band was organized and hosted by the Columbia Concert Band. We gratefully acknowledge Columbia Bands, Inc. for their tremendous organizational and financial support.

www.columbiabands.org

The 2021 Maryland All State Community Band would like to thank the River Hill High School Band Boosters for providing all of the meals to the musicians over the weekend.

Today's concert will be livestreamed via the Facebook page (<https://www.facebook.com/MarylandAllStateCommunityBand>) as well as videos recorded and uploaded to the MASCB YouTube page ([Maryland All State Community Band YouTube](#)).

We are thrilled to be hosting again after last year's COVID induced break. We look forward to next year and returning to the stage with a full audience.

Program

2021 Maryland All State Community Band

4. Alsace-Lorraine
5. Provence

Dr. Harlan Parker

Harlan D. Parker has been the conductor of the Peabody Wind Ensemble and coordinator of the Music Education Division at Peabody since the fall of 1990; and, in the fall of 2007, he was appointed the conductor of the Peabody Youth Orchestra. Under his direction, the Peabody Wind Ensemble has given over 40 world premieres and has performed at state, regional and national conventions. Considered "among the very top wind bands in the US" (Fanfare), the Peabody Wind Ensemble has received critical acclaim from contemporary composers such as David Amram, James Sylver, Eric Ewazen, H. O. Reed and Johan de Meij. Dr. Parker is also the Music Director/Founding Conductor of

the Peabody Modern Orchestra at the Peabody Conservatory, which was started in the fall 2013 season, and in the summer of 2017, he was appointed Music Director/Conductor of the Greenspring Valley Orchestra at Stevenson University.

The Peabody Wind Ensemble's debut CD, *From an Antique Land*, has been praised as one of the most exciting wind ensemble recordings in recent times, and the second CD, *Orff, Bird and Reed*, was re-released in August 2006 on the Naxos label. Of the performance of *La Fiesta Mexicana* on the second CD, composer H. Owen Reed, in a letter to Dr. Parker writes, "I have just listened, twice, to your brilliant recording of my *La Fiesta Mexicana*, and I must tell you that it was a thrill to hear my music performed exactly as I always hoped for. Your total understanding of the work showed up on all parameters. Your tempos were on the mark, and the overall conception of the work was superb." The *Orff, Bird and Reed* CD was also listed on the "Best of the Year Discs for 2006" by Audiophile Audition. Their second CD for Naxos, *Collage: A Celebration of the 150th Anniversary of the Peabody Institute: 1857 - 2007*, was the top classical music download (out of more than 12,000 CDs) on eMusic.com for the first half of April 2007. Their third CD for Naxos, *Trendsetters*, was released in the summer of 2009. The fourth CD on Naxos, *Johan de Meij: The Symphonies*, was released to critical acclaim in June 2013, and was a first ballot Grammy nominee.

As well as his duties at Peabody, Dr. Parker has a very active musical life outside of the Conservatory. He is a past-president of the Conductors Guild, an international service organization dedicated to encouraging and promoting the highest standards in the art and profession of conducting. Dr. Parker is also a member The American Bandmasters Association, an organization whose membership is by invitation and recognizes "outstanding achievement in the field of the concert band and its music." He is active regionally, nationally, and internationally as a guest conductor, conducting pedagogue, clinician, and adjudicator, having worked with professional musicians and students from all 50 states and over 40 countries.

In his first year as a faculty member at Peabody, Dr. Parker reorganized the Peabody Wind Ensemble in its present format after several years of non-existence and was awarded the Peabody Student Council Faculty/Administration Award for outstanding contributions to the Peabody Community. In the fall of 2000, Dr. Parker accepted the first graduate class of Wind Conducting students. Graduates and students of the program are teachers and conductors in high schools and colleges and conductors of military bands. Dr. Parker received his Bachelor of Music from Emporia State University and his Master of Music and Doctor of Philosophy in music education with an emphasis in conducting from the University of Kansas and has completed post-doctoral work at the Laban/Bartenieff Institute of Movement Studies in New York.

This is Dr. Parker's ninth year directing the Maryland All State Community Band.
